About Dr. Parker

"God blessed me with an unexpected and incredible adversity that helped shape the original message. My personal testimony is about how to truly trust Jesus Christ with your entire life, regardless of the circumstances. After taping a chapel service, I did at Concordia University NE about that experience, I mailed the recording to friends and family who were praying for me. That talk was taken to church or given to friends who were also dealing with an adversity. People heard the tape and asked me to come tell more of the story. When people would ask me to come back and speak, I'd respond with, "You heard my story; that's all I've got." As a result, I developed many more talks. That was over 24 years ago. Since then, I've been blessed to speak in 30 different states and Canada to over 450 groups, ranging from ONE to 30,000. I've spoken in huge arenas, for Christian companies, large educator's and administrator's conferences, state/district/national youth gatherings, at countless churches and schools, in a cow pasture, and in a prison; each has been a blessing!
